

# **Year 11 Transition IT & Computing**

# IT and Computing @ BAC

*You have been chosen to create a study playlist*

You will need to select 10 suitable songs and advertise your playlist

Task 1 – Select a range of songs that can be listened to whilst studying and list the song title, artist and playing time. Give your playlist a name.

Task 2 – Describe why your playlist should be chosen by Amazon or Apple to add to their music apps.

Task 3 – Create a poster to advertise your playlist to other students.

*Once done, work through the skill test list also available from our website.*
