

Apprenticeships

Carpentry & Joinery (Site) - Level 2

Build with Confidence — Hire a Site Joinery Apprentice

Precision. Practical skills. Reliable site support.

Why Hire a Site Joinery Apprentice?

- Strengthen your construction team with trained joiners
- Reduce subcontracting and recruitment costs
- Develop long-term skilled tradespeople
- Access funded training and mentoring

What Apprentices Learn:

Site Joinery apprentices gain hands-on experience and technical knowledge to work safely and effectively on construction sites:

- **Installing Structural Components**
Fitting doors, windows, staircases and partitions using a range of materials and fixings.
- **First & Second Fix Joinery**
Carrying out tasks from initial framing and flooring to finishing work like skirting boards and architraves.
- **Reading Drawings & Specifications**
Interpreting site plans and technical drawings to complete accurate installations.
- **Measuring, Marking & Cutting Materials**
Using hand and power tools to prepare timber and sheet materials with precision.
- **Health & Safety on Site**
Working safely at height, using PPE and following site protocols and risk assessments.
- **Tool & Equipment Use**
Operating saws, drills, nail guns and other joinery tools safely and effectively.
- **Sustainability & Waste Reduction**
Minimising material waste and understanding environmental responsibilities on site.
- **Teamwork & Communication**
Collaborating with site managers, tradespeople and suppliers to meet project deadlines.
- **Professional Conduct & Site Etiquette**
Maintaining a tidy work area, respecting clients' property and representing your business professionally.

Why Partner with Bishop Auckland College?

- Tutors with real-world site experience
